AyuAware Shop Section - Complete UI/UX Specification

Overview

The Shop section is the **Ayurvedic Marketplace** - a curated shopping experience where users find supplements, foods, herbs, and wellness products recommended specifically for their constitution, current imbalances, active protocols, and seasonal needs. Unlike generic e-commerce, every product is presented through an Ayurvedic lens with personalized guidance from the Digital Twin.

Current State Assessment

What's Already Working Well ✅

The current Shop design has strong foundations:

1. **Personalization Present**
    - "For You" tab with personalized recommendations
    - "Based on your NSL" hero banner
    - "Is this good for you?" personalized explanations
    - "Improve Your CHI" food recommendations
2. **Stack Integration**
    - "Complete Your Stack" categories
    - "ADD TO STACK" option
    - "Where do they fit in my existing stack?" inquiry
3. **Quality Transparency**
    - Manufacturing Standards indicators
    - Testing Benchmarks
    - Product Certifications
    - Price per serving
4. **Interaction Patterns**
    - Question prompts ("Why does my body need these?")
    - Search, wishlist, cart functionality
    - Nutrition facts for foods

Design Philosophy

Core Principles

1. **Twin-Guided Shopping**: The Digital Twin helps users understand WHY each product is recommended
2. **Ayurvedic Context**: Every product shows traditional properties alongside modern information
3. **Protocol Integration**: Products from active Projects/Protocols are highlighted

4. **Seasonal Relevance**: Recommendations adjust with Ritucharya
5. **Constitutional Matching**: Dosing and selection based on Prakriti/Vikriti
6. **Quality Transparency**: Maintain and enhance current quality indicators
7. **Education + Commerce**: Learn why something helps, not just that it's recommended

ORGANIC INDIA ⭐ 4.8
Ashwagandha
Stress & Sleep Support

$24.99 • 90 capsules • $0.28/serving

🎯 IS THIS GOOD FOR YOU?

✅ EXCELLENT MATCH

Your health data shows:
- Elevated Vata (40% vs 25% baseline)
- Active Nidra Protocol
- Sleep onset taking 42+ minutes
- Signs of stress in HRV patterns

Ashwagandha directly addresses these:
- Calms Vata and nervous system
- Supports healthy cortisol levels
- Promotes restful sleep
- Builds Ojas (vitality reserve)

💭 How does this fit my existing stack?

🌿 AYURVEDIC PROPERTIES

Sanskrit: Ashwagandha (अश्वगंधा)
Meaning: "Smell of horse" - gives strength

Rasa (Taste)	Tikta (Bitter), Kashaya (Astringent)
Virya (Potency)	Ushna (Heating)
Vipaka (Post-dig)	Madhura (Sweet)
Dosha Effect	Vata ↓ Kapha ↓ (↑ Pitta in excess)
Actions	Rasayana, Balya, Nidrajanana, Medhya

Traditional Uses:
- Stress adaptation (Adaptogen)
- Sleep support (Nidrajanana)
- Strength building (Balya)
- Rejuvenation (Rasayana)
- Cognitive support (Medhya)

[📖 Learn more about Ashwagandha]

⏰ DOSAGE & TIMING
Personalized for your constitution

Recommended for Pitta-Vata (You):

Dosage: 1 capsule (300mg)
Frequency: Once daily
Best Time: Evening, 1 hour before bed
With: Warm milk or water

⚠️ Note: Ashwagandha is warming. As a Pitta-Vata, monitor for any signs of excess heat (acidity, irritability). Take with cooling agents like milk if needed.

Duration: Minimum 4-6 weeks for full effect

📊 PRODUCT DETAILS

Active Ingredient	Ashwagandha root extract 300mg
Total Servings	90
Price/Serving	$0.28
Format	Vegetarian capsule

ORGANIC                                  ⭐ 4.6
Fresh Blueberries
500g pack

$8.99

🎯  IS THIS GOOD FOR YOU?

✅  GOOD MATCH

Your health data shows:
• Slightly elevated Pitta tendency
```

- Need for antioxidant support
- CHI could use improvement

Blueberries help because:
- Sweet taste cools Pitta
- Rich in antioxidants for recovery
- Supports brain health (Medhya)
- Light and easy to digest

⚠️ Note: Best eaten at room temperature (not cold from fridge) to support Agni.

💭 When should I eat these?

🌿 AYURVEDIC PROPERTIES

Rasa (Taste)	Madhura (Sweet), Kashaya (Astringent)
Virya (Potency)	Shita (Cooling)
Vipaka (Post-dig)	Madhura (Sweet)
Dosha Effect	Pitta ↓ Vata ↓ (↑ Kapha in excess)
Qualities (Gunas)	Light, Soft, Slightly Dry

Ayurvedic Benefits:
- Cools Pitta (reduces heat & inflammation)
- Supports Rakta Dhatu (blood tissue)
- Medhya (brain nourishing)
- Mild Ama-reducing properties

[📖 Learn about food & doshas]

⏰ BEST WAY TO EAT

Personalized for your constitution

For Pitta-Vata (You):

Best Time: Morning or mid-morning snack
Avoid: Evening (fruit best before 4 PM)
Preparation: Room temperature, not cold
Combine With: Alone or with nuts
Avoid With: Dairy, other fruits (combining)

Seasonal Note:
In winter (now), berries are cooling - eat in moderation and at room temperature.

Product Match Scoring

Match Indicators

Score	Label	Criteria
✅ Excellent	"Perfect for you"	Directly addresses current imbalance + in active protocol
✅ Good	"Good match"	Supports constitution or health goals
⚠️ Neutral	"May help"	Generally beneficial, not specific to user
⚠️ Caution	"Use mindfully"	Could aggravate current state if overused
❌ Avoid	"Not recommended"	Contradicts constitution or current protocols

Scoring Factors

1. **Constitutional Match** - Does it balance their Prakriti?
2. **Current State Match** - Does it address Vikriti (imbalances)?
3. **Protocol Alignment** - Is it part of active Projects?
4. **Seasonal Appropriateness** - Right for current Ritu?
5. **Health Metric Alignment** - Supports CHI, NSL improvement?
6. **Interaction Safety** - Any conflicts with current stack?

Ayurvedic Properties Reference

Rasa (Taste) Effects

Rasa	Effect	Dosha Impact
Madhura (Sweet)	Nourishing, building	V↓ P↓ K↑

Summary: Key Enhancements

Current	Enhanced
No Twin in shop	Twin guides shopping experience
Western supplement info	+ Ayurvedic properties (Rasa, Virya, Vipaka)
Generic recommendations	Protocol-linked recommendations
No seasonal context	Ritucharya-based seasonal picks
Basic "is this good for you"	Detailed constitutional matching
Food nutrition facts only	+ Ayurvedic food qualities
No dosing guidance	Constitution-specific dosing & timing
Random product order	Personalized scoring & sorting

Implementation Priority

1. **Phase 1**: Add Twin guidance to header, enhance product cards
2. **Phase 2**: Add "From Your Protocols" section
3. **Phase 3**: Build Ayurvedic properties display for all products
4. **Phase 4**: Add seasonal recommendations section
5. **Phase 5**: Implement constitutional dosing guidance
6. **Phase 6**: Build Ayurvedic action category browsing
7. **Phase 7**: Enhance My Stack with Twin suggestions

This specification should be read alongside other section specifications, particularly Supplements, Nutrition, and Projects for complete context on product integration.
